

Gluing Machine

STAGE 02 · GLUING · SPECIFICATION SHEET

Sharma Enterprises

NEW DELHI · EST. 2015

Widened anti-corrosion 3-roller gluing system that lays glue evenly, bonds strongly with less glue and cuts running cost.

SPECIFICATION		SE-02
TECHNOLOGY	Anti-corrosion high-speed 3-roller gluing	
AUXILIARY	Working lift platform	
DIMENSIONS (LXWXH)	3.5 m x 0.45 m x 1.78 m	

Key features

- Even glue application across the full sheet width
- Strong cohesion with reduced glue consumption
- High work efficiency, lower running cost
- Lift platform for operator access
